- ◆ Lessons in social-emotional learning
- ◆ Esports and STEM Career Exploration
- ◆ Lessons in healthy, productive gaming
- ◆ Student engagement in extracurriculars
- ◆ Opportunities for competition and prizes

CAREERS IN ESPORTS

Game and App Development Pathway

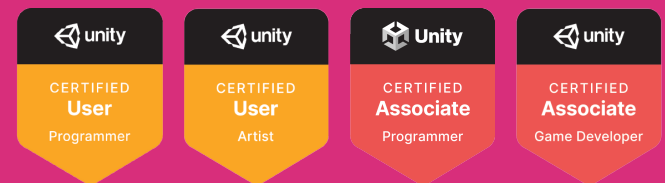

The Game and App Development pathway uses cross-disciplinary, project-based modules to teach core Unity, programming, and game development skills.

Students will:

- ◆ Earn certifications
- ◆ Build portfolios
- ◆ Learn real industry skills

By the end of the 2 year pathway, students will have the knowledge to attain the following certifications.
